MUST FURNISH NAMES OF ACTUAL LAND BUYERS

By Associated Press.
WASHINGTON, May 10.—The identity of the actual purchasers of the Philippine frier lands and much other information bearing on the sale of lands on the island of Mindanao is asked of the war department in three resolutions adopted by the house today. The resolutions were introduced by Representative Martin of Colorado to develop whether there is or was any connection between the American Sugar Refining company, and Henry W. Taft, a brother of the president, and the sale of the lands or the arrangement for their sale. They were ordered favorably reported with some changes by the insular affairs committee. The request by Martin for the unanimous consent to insert in the congressional record the testimony as given by the war department officials as to the real purchasers of the lands was refused.

SEATTLE, May 10.—The superseding of British officers by Japanese on the transpacific liners, the officers being removed one by one, generally at the end of the run is said to be due to the pressure exerted by Japanese public opinion, which demands the manning of Japanese vessels entirely by Japanese.

Counsel for Glavis Scores Against Ballinger

By Associated Press.
WASHINGTON, May 10.—The existence of rulings in the interior department which Ballinger must have violated in appearing before the general land office on behalf of the Cunningham coal claimants, after his retirement as land commissioner, was brought out by Attorney Brandeis during the cross examination of the secretary of the interior in the Ballinger-Pinchot investigation today. Brandeis secured the admission from Ballinger that he had been barred from appearing before the land office by a similar ruling in another case subsequent to his activity in the Cunningham cases and prior to his becoming secretary of

DONAU WINS THE DERBY RACE IN KENTUCKY

By Associated Press.
LOUISVILLE, Ky., May 10.—Leading throughout the mile and a quarter, but compelled to fight for vantage over every inch of the route, Donau, owned by William Gerst, of Nashville, today won the thirty-sixth Kentucky derby. Three-quarters of a length separated the winner from Joe Morris, who was a neck in front of Fighting Lob. The time was 2:06 2-5, which is three-twentieths of a second slower than the record for the race. Twenty-five thousand people acclaimed the winner. The guaranteed value of the race was \$6,000.

MAN IS ELECTROCUTED WHILE LAYING CABLE

By Associated Press.
MONROVIA, May 10.—Billy Seeds, a lineman, was electrocuted today while at work laying a cable on the Bradbury ranch, near this city. His body was removed to Ronnick's undertaking establishment, where an inquest will be held tomorrow afternoon. So strong was the current of electricity that caused Seeds' death that two other men working near by were knocked down.

Catholics Object to Portion of Speech Condemning the Church of Rome Which May be Omitted.

By Associated Press.
LONDON, May 10.—While the rulers and representatives of foreign nations are assembling here for the obsequies of King Edward, the various necessary formalities, incident to the sad event, are being gradually completed. The widowed queen has sent a touching personal message to the nations. King George has addressed messages to the navy and army, expressing thanks for their loyalty and devotion, and his solicitude for the efficiency of both services. A message was also sent to the Indian princes and people expressing gratitude for their sympathy.

John Redmond, leader of the Irish parliamentary party, has written Premier Asquith reminding him of the favorable expressions, when recently the question was raised in parliament by the Duke of Norfolk, one of the foremost Catholics of England, on the abolishing from the declaration the monarch must make before the new parliament of the ancient words "abjuring the church of Rome." The words, Redmond de-

clares are most offensive to all Catholics.

The cabinet today decided to introduce a bill amending the declaration of the king wherein he asserts disbelief in transubstantiation and adoration of the virgin and saints, and makes the declaration without mental reservation and dispensation from the pope and other authority. For it is the declaration that the foregoing doctrine and mass "are superstitious and idolatrous and it is proposed to substitute the words "are contrary to my belief," and to omit any reference to the pope. The majority of parliament, it is believed, will favor these changes, but the orangemen and extreme protestants will oppose them. The Catholics wish the entire declaration abolished and the officers of the crown consider such a safeguard against the Catholic monarch necessary.

It was definitely announced tonight that Roosevelt's lecture at Oxford university on the 18th, would be postponed.

The body of Edward tonight was transferred to the throne room of Buckingham palace.

GILLETT-M'CARTHY PARTY IN NEW YORK

By Associated Press.
NEW YORK, May 10.—"San Francisco will raise \$10,000,000 to gain the Panama canal fair," said Governor James Gillett of the Golden State, today in speaking of the advantages of his state for the Panama Pacific International exposition of 1915 to celebrate the opening of the great waterway. The \$5,000,000 the San Franciscans subscribed the other day was but half what the city would do if it were given the chance, he declared.

Governor Gillett is here with Mayor McCarthy of San Francisco and a delegation of representative Californians in behalf of the state's and particularly of San Francisco's desire to hold the exposition.

"What are you going to do about the Jeffries-Johnson fight?" the governor was asked.

"It isn't up to me to do anything," he said. "There is a law in California prohibiting prize fighting, but it contains a clause permitting athletic clubs to hold boxing matches, with the consent of the proper county authorities, providing that the number of rounds is limited and that the contestants are examined by a physician before hand.

"That is what they are going to have and no one knows anything to the contrary."

DEFENSE IN HYDE MURDER CASE HAS RESTED

By Associated Press.
KANSAS CITY, May 10.—At the close of the cross examination of Hyde by Prosecutor Conkling late today, the defense in the Swope murder trial rested. The case will be in the hands of the jury by Saturday, it is thought. On direct examination Hyde said he never poisoned any member of the Swope family, or ever dropped any capsules in the streets of Independence, as Thomas Swope Jr. claimed to have seen him do; that he used cyanide mainly for killing bugs in his office and that he injected camphorated oil and that alone, into Margaret Swope's arm.

DECLARES GIRL TRUST SUPERBLY ORGANIZED

ST. LOUIS, May 10.—"The girl trust is as superbly organized in America as the beef or oil trusts," declared the Rev. W. J. Hatfield, a Presbyterian evangelist, at a meeting here yesterday.

Mr. Hatfield for two years has been engaged in a personal investigation of the white slave traffic in St. Louis, Chicago, New York and other large cities.

He detailed the methods taken by agents for obtaining girls from their homes in the smaller towns. The girls, he declared, usually are from 15 to 20 years old, and are sold at from \$100 to \$400 each.

Insurgent Senators In Campaign Speech Denounce Tariff

Dolliver of Iowa Refers to Taft as Titular Leader---Refuses to Resign from Republican Party.

By Associated Press.
DES MOINES, Ia., May 10.—Ring denunciations of the tariff bill and the men who passed it, characterized the speeches of Senators Dolliver and Cummins, who opened a progressive campaign in Iowa tonight.

Dolliver referred to Taft as the "titular leader" of the republican party, which meant, he said, "a good man surrounded by people who knew exactly what they wanted." Aldrich was frequently mentioned as the man "allied with the Guggenheims, Ryan and Paul Morton in a mammoth trust, incorporated as the Rubber company, which is allowed by the articles of incorporation to participate in any kind of business anywhere on the face of the earth, and which was one of the leading companies of the Guggenheim syndicate for the control of the wealth of Alaska."

"These are the men who are responsible for the tariff bill," said Dolliver. "The bill is only a

scheme to rob the people and increase the holdings of the giant syndicates. The troubles of the republican party come not because of what has been said, but because of what has been done."

Dolliver said he was not here to criticize the president of say unkind things against him, but found it necessary sometimes to disagree with him and those surrounding him. Continuing Dolliver said:

"I'm going to have some trouble keeping inside the breastworks of the republican party but I know something of its doctrines. I do not intend to retire from it, although I have been invited and declined the invitation. I don't recognize Wickersham, or any other man, who comes out here to read men out of the republican party, who were known before he was ever in it." Cummins urged the progressive republicans to return the progressive congressmen to congress.
